COMPETITION RULES
of
LITTLE ATHLETICS ASSOCIATION OF VICTORIA INCORPORATED
Registration Number: A0003260D

PREFACE

Little Athletics competitions in Victoria are conducted in accordance with the Competition Rules of the IAAF currently in force with modifications provided for in these Rules.

Where it has been decided the IAAF Rules are not indicative or correct for athletes in the age groups covered by LAVic, the IAAF Rule or part thereof has been rewritten to reflect the nature and abilities of athletes in the various age groups.

There are also a number of Rules relating to State Championships and their processes which are not covered by IAAF and these have been listed in a separate chapter.

IAAF Chapters 3 – Anti-Doping & Medical and Chapter 4 – Disputes will not be used. The LAVic Grievance procedures will deal with any dispute related to competitions under these Rules where processes have been exhausted through these Rules.

IAAF wording in many Rules relate to National and International situations. Where this occurs they will be interpreted as being State situations.

For Athletes and Officials for competitions covered under these Rules, you will need to have an understanding of BOTH the IAAF Rules booklet and this document.

From time to time the IAAF, Athletics Australia, Little Athletics Australia and Athletics Victoria will release new versions of the Rules or Technical documents. The LAVic Technical Committee will assess these changes and will update these rules to reflect any changes which may occur.

Simultaneous Entries

3. Except for High Jump, if an athlete is entered in both a Track Event and a Field Event, or in more than one Field Event taking place simultaneously, the appropriate Referee or Chief Judge may allow the athlete to take their trial out of round and out of order in all rounds of the competition in an order different from that decided upon by the draw prior to the start of the competition. However, if an athlete subsequently is not present for a particular trial, it may be deemed that they are passing once the period allowed for the trial has elapsed. It is not permitted for an athlete to have two or more trials in succession, nor can an athlete demand to have a trial that has been missed.

Note: Any qualifying rounds of the competition must be completed, and any finalists determined prior to any trials from the remaining rounds are taken.

4. For High Jump, where simultaneous events occur, the Referee or Chief Judge may only allow an athlete to compete out of order at the current height of the bar prior to the athlete absents the event and when they re-join the competition. When the athlete re-joins the competition it will be at the current height of the bar. It is not permitted for the athlete to demand to have attempts at a height that has been missed.

5. For an athlete to be released from an event to compete in another event, an Event Release Form must be submitted to the relevant Call Room(s) prior to the closing of the Call Room(s) for the relevant events. 1. Starting blocks provided by the Organising Committee may be used for all races up to and including the 400 metres (including the first leg of all relays) by all athletes in the U12 and above age groups, except where this contravenes any rule(s) made by the Organising Committee and/or Venue Manager on the use of starting blocks. Any advice issued by the Venue Manager must be in writing on an official letterhead.

RULE 162: THE START

1. The start of a race will be denoted by a line 5cm in width. In all races not run entirely in lanes the start line will be curved, so that all the athletes start the same distance from the finish.
2. The commands used by the starter will be:
 - (a) For events up to and including 400 metres and all Relay events:
 - "On your marks"
 - "Set"
 - When all athletes are steady, the audible starting device will be activated.
 - (b) For events longer than 400 metres:
 - "On your marks"
 - When all athletes are steady, the audible starting device will be activated.
3. On the command "On your marks" or "Set", as the case may be, all athletes must without delay assume their full and final set position.
4. If the Starter is not satisfied that all athletes are ready for the start to proceed, the Starter will order all athletes to stand up and the start procedure will recommence.
5. Any athlete making a false start will be warned. Any athlete who is responsible for a false start will be disqualified as follows:
 - (a) U9 athlete: for three false starts.
 - (b) In all other cases: for two false starts.
6. The Starter or Recaller, who is of the opinion that the start was not a fair one, will recall the athletes by using an audible starting device.
7. In relay events the contacting of the ground by the baton when held in the hand in a crouch starting position will not be subject to penalty.

False Starts

8. The following will/may constitute a false/unfair start:
 - (a) Failure to comply with Rule 162.5 after a reasonable time,
 - (b) An athlete through action or noise disturbs other athletes in the race after the command "On your marks",
 - (c) If an athlete leaves their mark after the words "On your marks" or "Set" as the case may be, and before the actual sound of the starting device,
 - (d) The Starter will warn any athlete(s) who, in their opinion, were responsible for the false start. This may result in more than one athlete being warned. If the unfair start is not caused by an athlete, no warnings will be given,

Note: In practice, when one or more athletes make a false start, others are inclined to follow and strictly speaking, an athlete who does so follow has also made a false start.

 - (e) Using a starting technique that is not appropriate for the age group and/or event,
 - (f) The dropping of a relay baton by an athlete during a start of a relay event will not constitute a false or unfair start.

Starting Techniques

9. Standing Start: Except as specified for crouch start, a standing start may be used by all athletes in all events.

10. Crouch Start: Except where it is physically or medically impossible/impracticable for an athlete to use this technique, a crouch start will be used for all races up to and including the 400 metres (including the first leg of all relays) by all athletes in the U12 and above age groups.
- (a) One knee must be in contact with the ground in the "On your marks" position.
 - (b) In a crouch start, with or without starting blocks, both hands must be in contact with the ground when the athlete is in the "Set" position.

RULE 163: THE RACE

As per IAAF Rule 163, with the following exceptions:

IAAF Rule 163.3 (b) (last sentence), IAAF Rule 163.8 to IAAF Rule 163.13

- 3 (b) ...Except as stated in IAAF Rule 163.4, if the Referee is satisfied, on the report of a Judge or Umpire or otherwise, that an athlete has violated this Rule, then the Referee may disqualify the athlete or change the order of finishing on the Judges result sheet.

IAAF Rule 163.8 to IAAF Rule 163.13: Wind measurements are not applicable for any competition held under Rule 1.

RULE 165: TIMING AND PHOTO FINISH

1. Two alternative methods of timekeeping will be recognised:
 - (a) Hand Timing obtained from watches or electronic gates with a manual start.
 - (b) Fully Automatic Timing obtained from either photo finish systems or electronic gates with automatic start.
2. The time will be taken to the moment at which any part of the body of an athlete (i.e. the torso as distinguished from the head, neck, arms, legs, hands or feet) reaches the vertical plane of the nearer edge of the finish line.
3. Times for all athletes will be recorded.

Hand Timing

4. Timekeepers will use manually operated electronic timers with digital readouts. All such timing devices are termed "watches" for the purpose of the Rules.
5. Watches will be started by the timekeepers and all times recorded will be deemed manual.
6. The time must be taken from the flash/smoke of the audible starting device.
7. Three official timekeepers (one of whom must be the Chief Timekeeper) and one or two additional timekeepers will record the performance of the first athlete(s) across the finish line. The performances recorded by the additional timekeepers' watches will not be considered unless one or more of the official timekeepers' watches fails to record the performance correctly, in which case the additional timekeepers' watch will be called upon, in such order as has been decided previously, so that in all the races, three watches should have recorded the official time for the first athlete(s) crossing the finish line.
8. With the three watches used, if only two of the watches agree, the performance shown by the two watches will be the official time. If all three watches disagree, the middle performance will be the official time.

Electronic Timing System – Manual Start

9. The timing system will be started manually in close proximity to the timekeepers and all times recorded will be deemed manual.

Fully Automatic Timing and Photo Finish System

10. Where a fully automatic minimum dual beam or equivalent electronic timing system is in use (i.e. the timing system is automatically activated by the starting device and each athlete's/team's time is automatically recorded as they cross the finish line) the finishing order, providing times are not equal (see Rule 126.2), will be determined using the official times and all times recorded will be deemed electronic.

Timing Systems in Heats

11. Only one system of timing will be in operation for all heats of each track event/discipline for any single age group.

RULE 166: SEEDINGS, DRAWS AND QUALIFICATIONS IN TRACK EVENTS

As per IAAF Rule 166, with the following exceptions:

IAAF Rule 166.4, IAAF Rule 166.5 & IAAF Rule 166.8

Rounds and Heats

4.

- (a) Events up to and including 400m and Relays:
 - (i) **Region Championships:** the first placegetter in each heat plus the next fastest will advance to the final of no more than eight.
 - (ii) **State Championships:** the first two placegetters in each heat plus the next fastest will advance to the final of no more than eight
- (b) For 800m events:
 - (i) **Region Championships:** the first two placegetters in each heat plus the next fastest will advance to the final of no more than sixteen.
 - (ii) **State Championships:** refer Rule 166.8
- (c) For 1500m and all Race Walks:
 - (i) **Region Championships:** the first four placegetters in each heat plus the next fastest will advance to the final of no more than twenty four.
 - (ii) **State Championships:** refer Rule 166.8

Note: Where there are equal fastest times that exceed the maximum number of advancements, placing will take precedence.

Ranking and Composition of Heats

5.

- (a) **Region Championships:** athletes will be randomly placed in heats and athletes who advance to the final will be ranked by performance only.
- (b) **State Championships:** athletes will be placed in heats and ranked as per IAAF Rule 166.3 (a) and (b).

Single Rounds

8. In competitions under Rule 1 where only a single round (final) is required, lanes / starting positions will be drawn by lot.

RULE 168: HURDLE RACES

1. The hurdle must be made of metal with the top bar made of wood or other suitable material. Hurdles must consist of two feet and two uprights supporting a cross-bar (see Diagram 1).
2. The hurdle cross-bar must be adjustable in height. The cross-bar must be 65-75mm high, 10-30mm wide and between 1170 and 1200mm in length. The end of the cross-bar must project 25mm to 75mm outside the hurdle frame upright.
3. The approach side of each cross-bar must be painted white and black in colour or with other strong distinctive contrasting colours (and also in contrast with the surrounding environment). The contrasting stripes must be 270-280mm from the mid-point of the cross-bar and must be 95-105mm wide.
4. The hurdle must be so designed that it will just resist a force of 2-3 kilograms, applied at the top edge of the cross-bar.

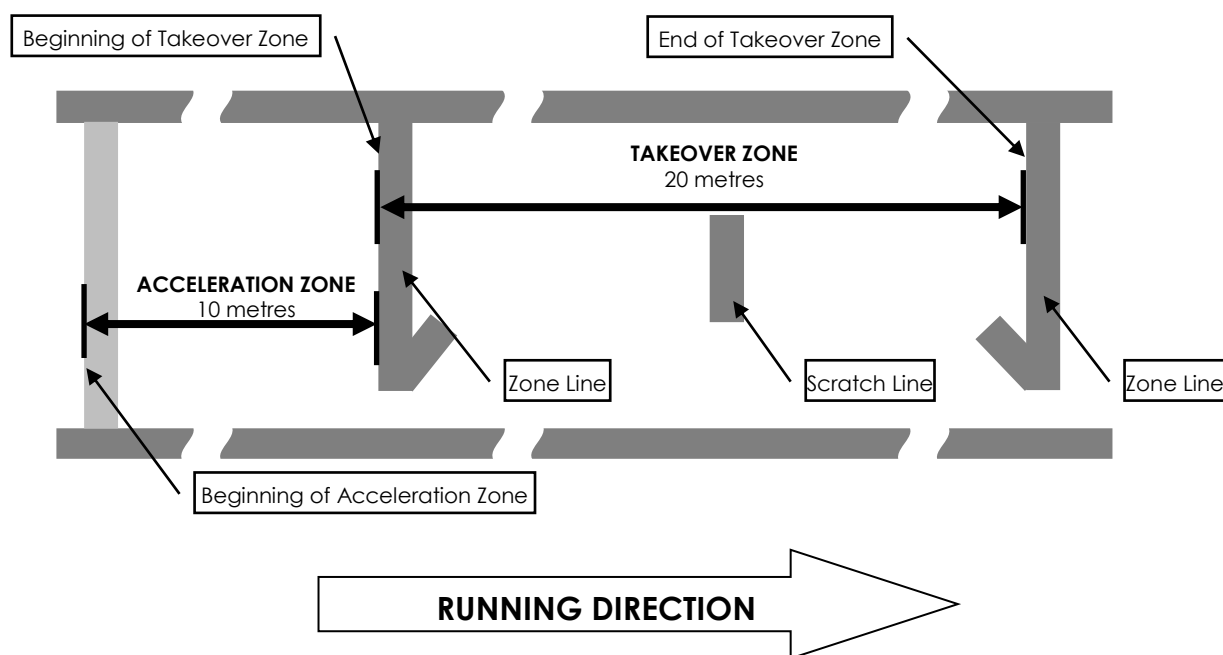

Diagram 1 : Hurdle Specifications

5. Each hurdle must be placed on the track so that the feet will be on the side of the approach by the athlete. The hurdle must be placed on the track so that the edge of the cross-bar nearest the approaching athlete coincides with the track mark nearest the athlete.

Note: For collapsible type hurdles the feet maybe extended past the uprights

6. All races must be run entirely in lanes and each athlete must remain entirely within their own lane throughout the race. An athlete who trails a foot or leg alongside any hurdle, or jumps any hurdle not in their own lane or in the opinion of the Referee, deliberately knocks down any hurdle by hand or foot will be disqualified. The unintentional knocking down of hurdles may not disqualify nor prevent a record being set.
7. Refer to LAVic Rule 700: Equipment Specifications, for hurdle heights and track placement of hurdles for all age groups.

RULE 170: RELAY RACES**Takeover Zone**

1. Lines 5cm wide will be drawn 10m before and after the scratch line to denote the takeover zone within which lines the baton must be passed.
2. The takeover zone will start and finish at the edges of the zone lines nearest the start line in the running direction.

Acceleration Zone

3. The acceleration zone is indicated by a distinctive mark ten metres before the beginning of the takeover zone where the receiving athlete may begin to accelerate prior to commencing the baton change.
4. The acceleration zone is only used during laned baton changes.
5. The acceleration zone may only be used in the U12 and above age groups. The receiving athlete must take up their starting position WITHIN the takeover zone or acceleration zone as permitted.
6. The acceleration zone will not be used in the U9 to U11 age groups. The receiving athlete must take up their starting position WITHIN the takeover zone.

Breakline

7. The breakline must be an arced line marked after the bend, 50mm wide, across all lanes other than lane 1. To assist athletes identify the breakline, small cones or prisms, 50mm × 50mm and no more than 0.15m high, preferably of different colour from the breakline and the lane lines, will be placed on the lane lines immediately before the intersection of the lane lines and the breakline. The breakline is the point where the athletes may leave their respective lanes and cross to the inside of the track.

Note: In addition to the small cones or prisms, the breakline may also be marked with flags on either side of the track.

8. The position of the breakline will be:
 - (a) 4 x 200m: at the beginning of the back straight on the third leg of the race.
 - (b) Medley: at the beginning of the front straight on the third leg of the race.

The Race

9. An athlete must not run more than one section (leg) of a relay race.
10. The baton must only be carried in the hand during the race.

11. If the baton is dropped it must be recovered by the athlete who dropped it. If an athlete other than the athlete, who dropped the baton, recovers the baton, the team may be disqualified. The athlete may leave their lane if necessary to retrieve the baton provided they do not impede another athlete (See Rule 163 and IAAF Rule 163.3)

Check Marks

12. When all or the first portion of a relay race is being run in lanes, athletes may place one check-mark (supplied or approved by the Organising Committee) within the athletes own lane and clear of the lines marking the lane. No other check-mark may be used.

All Baton Changes

13. The passing of the baton must take place within the takeover zone. The passing of the baton commences when it is first touched by the receiving athlete and is complete at the moment it is in the hand of the receiving athlete only. The position of the baton is decisive, not the athlete's body, head, feet or legs.
14. Prior to the race being under the Starter's control an athlete will be given reasonable time to set their check mark and take up their starting position. Any athlete who wastes time will be warned and if the warning is ignored is liable to disqualification.
15. Once the race is under the Starter's control an athlete is liable to be disqualified if they exit the rear of the takeover or acceleration zone.
16. Officials must not physically assist athletes during baton changes.

Laned Baton Changes

17. Incoming athletes, on completing the baton change, must stay in their lanes until told by the Chief Marshall to clear the track.

Unlaned Baton Changes

18. Receiving athletes will be lined up in lane draw order on the outside of the track in a position three metres inside the line denoting the beginning of the takeover zone. The position will be indicated by the placement of cones on the inside and outside of the track.
19. Receiving athletes are then responsible for positioning themselves within the takeover zone in the same order as the incoming athletes at the breakline.
20. Incoming athletes, on completing the baton change, must clear the track quickly endeavouring to ensure that no interference is caused to other athletes.

Baton Structure

21. The baton must be a single piece smooth hollow tube, circular in cross-section made of a rigid material. Batons should be coloured to enhance visibility.
22. The following table lists the conformance specifications for each individual relay baton:

Diameter		Length		Weight	
Min	Max	Min	Max	Min	Max
30mm	34mm	280mm	300mm	70gm	80gm

Assistance To Athletes

23. Any assistance provided to athletes, e.g. pacing, by pushing-off or other methods, may lead to team disqualification.

Reporting Procedure For Officials

24. Infractions observed by any officials will be noted on a pre-printed form. These forms will be collected by the Referee to enable the Referee to adjudicate on the infringement.

SECTION 4 – FIELD EVENTS

The IAAF Rules will be observed for all Field Events. Exceptions to the Rules will be listed in this section.

RULE 180: GENERAL CONDITIONS

6. Except for the High Jump, no athlete will have more than one trial recorded in any one round of trials of the competition. In all Field Events, except for the High Jump, where there are more than eight athletes, each athlete will be allowed three trials and the eight athletes with the best valid performances will be allowed **one** additional trial.

In the case of the last qualifying place, if two or more athletes have the same best performances, Rule 180.22 will be applied. If it is thus determined that there has been a tie, the tying athletes will be allowed **one** additional trial.

Where there are eight athletes or fewer, each athlete will be allowed **four** trials. If more than one fails to achieve a valid trial during the first three rounds of trials, such athletes will compete in the subsequent round of trials before those with valid trials, in the same relative order according to the original draw. In both cases:

- (a) the competing order for the last round of trials will be in the reverse ranking order recorded after the first three rounds of trials;
- (b) when the competing order is to be changed and there is a tie for any position, those tying will compete in the same relative order according to the original draw.

 - (b) The increment of the raising of the bar must never increase; and
 - (c) The bar must be raised after each round of trials in increments depending on the number of athletes remaining in the competition, as per the following table:

No of Athletes	Increment
Greater than 6	5cm
6 or less	2cm

These Rules 181.4(a), (b) and (c) will not apply once the athletes still competing agree to raise it to a Victorian Best Performance height directly.

After an athlete has won the competition, the height or heights to which the bar is raised will be decided by the athlete, in consultation with the relevant Chief Judge or Referee.

Note: This does not apply for a Multi-Events Competition.

In a Multi-Events Competition held under Rule 1, each increase will be uniformly 3cm in the High Jump throughout the competition.

7. The distance between the uprights must not be less than 3.62m nor more than 4.06m.

RULE 182: HIGH JUMP

As per IAAF Rule 182, with the following exceptions:

Distance Measurements

8. The following process will be followed to measure the distances for the relevant age groups:
- (a) U9 - U11 Age Groups
 - (i) The measurement of each jump will be made immediately after the trial. Except in the case of Rule 184.8 (ii), all jumps must be measured from the nearest break in the landing area made by any part of the body to the front edge of the imprint made by the take-off foot.
 - (ii) In the case of an athlete taking off before reaching the take-off area, the jump is measured from the nearest break in the landing area made by any part of the body to the back edge of the take-off area. The measurement must be taken perpendicular to the back of the mat or its extension.

General

2. The time interval between the completion of one discipline and the start of the next will be at the discretion of the Meeting Manager, in consultation with the Referees.
3. The Rules for each event constituting the competition will apply with the following:
- (a) Field Disciplines:
 - (i) If the number of athletes competing or scheduling considerations dictates:
 - may be split across parallel pits or rings or;
 - different disciplines may be conducted at the same time, but when reciprocated each must occur on the same parallel pit or ring,
 - (ii) Except for High Jump, the number of trials per athlete will be three unless advised otherwise by the Organising Committee.
 - (iii) For High Jump, an athlete will only be allowed to have a maximum of 8 jumps.

- If an athlete reaches their maximum of 8 jumps the athlete must stop competing in the event
 - If an athlete has three consecutive failures, regardless of the height at which any of such failures occur, the athlete will be disqualified from further jumping
 - The athlete must nominate which heights they will attempt to clear during the competition
- (iv)** For High Jump, a bar height of one metre will be used as the benchmark height to determine the 3cm intervals.
- (b) Track Disciplines:** Only heats will be conducted with points allocated to the performance obtained in the heat, i.e. finals will not be run.
4. The 800 metres will normally be scheduled as the last discipline conducted for all age groups. If multiple heats are required for an age group, athletes will be seeded so that the last heat contains the athletes leading at the conclusion of the previous event (i.e. Heats will be run in the ranking position order as at end of previous event).
5. A Field event is considered to have begun once the first athlete has completed a trial. No athlete may join that field event after this time.
6. Points are awarded for performance and will be allocated to each athlete for each individual discipline using Scoring Tables approved by the Organising Committee.
- Note:** All tables have a finite lower limit and as a result an athlete may score zero points, the scoring of zero points does not however exclude an athlete from being placed.
7. An athlete failing to attempt to start or make a trial in one of the individual events will not be entitled to receive a place. It will not prohibit the athlete from competing and scoring points in subsequent events.
8. Performances and points will be posted/displayed for public viewing as soon as practicable after the completion of each individual discipline as follows:
- (a)** For the discipline, and
 - (b)** As a cumulative total.
9. The winner will be the athlete who obtains the highest cumulative total. In the event of a tie for any final placing athletes will be awarded equal placing.

SECTION 7 – RACE WALKING EVENTS

RULE 230: RACE WALKING

1. Race Walking is a progression of steps so taken that the walker makes contact with the ground, so that no visible (to the human eye) loss of contact occurs. The advancing leg must be straightened (i.e. not bent at the knee) from the moment of first contact with the ground until the vertical upright position.

Judging

2.
 - (a) The Chief Judge at any competition should be the highest graded Judge available.
 - (b) All the Judges will act in an individual capacity and their judgements will be based on observations made by the human eye.
 - (c) There must be one Judge less than number of red cards required for disqualification from any one Centre officiating in the same event. This ensures no one Centre has disqualification power of an athlete.

Note: This rule may be waived if there are insufficient judges available from other Centres.

 - (d) For Track Races, there should normally be a minimum of three to a maximum of six judges including the Chief Judge.
 - (e) For Road Races, there should normally be a minimum of six to a maximum of nine judges including the Chief Judge.

Chief Judge

3.
 - (a) The Chief Walk Judge will allocate the judging positions for each Judge in the race. The Chief Judge will view the start and finish of the race, and may judge from any position during the race.
 - (b) Prior to the start time of each race, the Chief Judge or their appointed assistant will identify themselves to the athletes and explain the technicalities of walk judging.

Yellow Paddle

4. When a judge is not completely satisfied that an athlete is fully complying with Rule 230.1, the judge may, show the athlete a yellow paddle indicating the offence and also call out the athlete's number, and the offence observed e.g. "Caution Number 77 contact". An athlete cannot be shown a second yellow paddle by the same Judge for the same offence. Having shown a yellow paddle to an athlete, the Judge will inform the Chief Judge of the action after the race.

Note: Yellow Paddles may be given anytime during a race.

Red Cards

5. When a Judge observes an athlete failing to comply with Rule 230.1 by exhibiting visible loss of contact or a bent knee during any part of the competition, the Judge will for:
 - (a) **U11 and above Age Groups:** not verbally give a red card to an athlete.
 - (b) **All other Age Groups:** verbally give a red card to an athlete.

The judge will call out, athlete's number, and the offense observed e.g. "Red Card Number 77 contact". If a Judge believes that an athlete may not have heard the verbal red card, the Judge should repeat the verbal red card at the next sighting of the athlete.

Note: Athletes will not physically be shown a red card

The judge will note the red card on their judging sheet along with their name/signature and hand it to the Chief Judge after the race.

A judge can only red card an athlete once. If a Judge red cards an athlete more than once, only one red card will be accepted by the Chief Judge.

Disqualification

6. (a) The following number of red cards for disqualification will apply for the number of Judges officiating in the race:

NO. OF JUDGES	NO. OF RED CARDS NEEDED FOR DISQUALIFICATION
4 to 6	3
3	2

- (b) At the conclusion of the race, if an athlete is disqualified, the Chief Judge will indicate this to the athlete verbally and give the reason for disqualification. The result of an event will only become final on the clearance of the Chief Judge and Track Referee.

SECTION 8 – ROAD RACES

RULE 240: ROAD RACES

Distances

- The following table outlines the approximate individual leg and total event distances for the relevant age groups:

Age Group	Leg Distance	Total Distance
U9, U10	1.5km	4.5km
U11, U12	2km	6km
U13, U14, U15	3km	9km

Note: These are the optimal distances and may vary depending on the location of the event.

The Course

- The races will be run on made-up roads. However, when traffic or similar circumstances make it unsuitable, the course may be on a bicycle path or footpath alongside the road, but not on soft ground such as grass verges or the like. The start and finish may be within an athletic arena.

The Start

- Where there are more athletes than can be placed in a single row, the first row will be filled with athletes placed in draw order. Second, and as necessary subsequent rows, will also be filled with athletes placed in draw order.

Assistance to Athletes

- No assistance or refreshments will be provided to athletes during the event.

Team Competition

- Road Races will only be conducted in a relay format with teams consisting of three athletes. Once an athlete has completed their leg, they will touch hands with the next athlete to signify the next athlete can start. The next athlete will be lined up within the takeover zone.

Protests

- There is no Jury in place. The Referee's decision is final.

SECTION 9 – CROSS-COUNTRY RACES

RULE 250: CROSS-COUNTRY RACES

Distances

1. The following table outlines the approximate event distances for the relevant age groups:

Age Group	Distance
U9, U10	1.5km
U11, U12	2km
U13, U14, U15	3km

The Course

2. The course will be clearly marked with flags. Each side of the course will have a different colour set of flags. The placement of the flags will be such that the next flags in sequence are clearly visible from the previous flags. If the course incorporates a loop which could potentially lead to confusion by the athletes, the entry to such loop will be roped off from the continuation and may be manned by officials who may direct athletes.
3. The terrain should be undulating, with no high obstacles, difficult or water logged sections.

The Start

4. Where there are more athletes than can be placed in a single row, the first row will be filled with athletes placed in draw order. Second, and as necessary subsequent rows, will also be filled with athletes placed in draw order.

Assistance to Athletes

5. No assistance or refreshments will be provided to athletes during the event.
6. Except as in Rule 250.5, the Organising Committee may arrange to have a tortoise/hare to direct athletes along the course.

Team Competition

7. A team competition will be conducted concurrent with the individual event. The scoring and composition of the team(s) will be as detailed in Rule 250.8

Team Scoring and Composition

8. Points will be awarded to athletes in order of finishing as follows:
- 1st place receiving 1 point,
 - 2nd place receiving 2 points,
 - 63rd place receiving 63 points, etc.
9. Points for the first three athletes from a Centre to cross the finishing line will be added to give the total points scored by that team. Subsequent groupings of three will constitute the next team, and so on
10. Only the three athletes comprising the team will be eligible for a medal at the State Championship.
11. The team with the lowest total points will be declared the winner.
12. In the event of a tie for first, second or third place, the team whose third placed athlete scores the lowest points will be awarded the higher placing.

4. Claims for Victorian Best Performance will be accepted for individual events as follows:
 - (a) **Existing Victorian Best Performance:** The number of athletes/teams in the event will not be an impediment.
 - (b) New Event:

Qualifiers by Place Per Region – The number of athletes/teams from each Region to automatically qualify for the State Championship in that event. Athletes/teams must have attained any qualifying standards that may be set for that event. Refer LAVic Rule 609	
* – Where a tie for the Qualifier by place occurs at a Region Championship, there must be a run off to determine the team to advance to the State Championship. Refer LAVic Rule 603.6	
Maximum Field Size – The maximum number of athletes/teams permitted for a field for each event. The field consists of qualifiers by place per Region and qualifiers by performance across all regions.	

Qualifying for State Championships

2. Athletes who are eligible to qualify to a State Championship event must be submitted to LAVic as determined by LAVic.
3. The details for qualifiers by place and qualifiers by performance for each specific State Championship event are detailed in LAVic Rule 603.1.
4. When qualifying competitions are held, an athlete/team will only qualify in an event for the State Championship by having competed as a finalist in the event at the qualifying competition of the Region to which their Centre has been allocated.
5. In the case where a re-run of an event has occurred only the results of the re-run event will be used.
6. Except where the maximum field size for an event is eight, in the case of ties for qualifying positions by place to the State Championship all athletes/teams will be advanced.
7. LAVic will combine the results of athletes/teams from all qualifying competition events for that State Championship event to determine qualifying positions by performance for that event.
8. Centres must advise the LAVic office if an athlete/team who has qualified to the State Championship for any given event, does not intend to participate in that event.
9. In the case of a publication error the matter will be referred to LAVic.
10. If there are insufficient entries, or in the event that places and performances are equal only clear progressions will be advanced, i.e. a field may be less than the allowed maximum field size.

Replacement of Athletes/Teams at State Championships

11. If an athlete/team that has qualified to participate in a State Championship event is unable to compete in the event due to illness or injury, the Centre must notify the LAVic office, who will select a replacement athlete/team for that event.

13. The next athlete/team on performance across all qualifying competitions who has met the qualifying criteria for that event will be invited to compete.
14. If the invitation is declined, the invitation will be progressively extended in turn to the next eligible athlete/team. No more than three invitations per event will be offered.

LAVic RULE 604: POSTPONEMENT OR CANCELLATION OF EVENTS OR COMPETITION

1. Once a competition has commenced the Referee in consultation with the Meeting Manager and Event Chief Officials will have sole responsibility to decide if events are to be postponed, cancelled or relocated due to conditions being such that safety of athletes and/or Officials is at risk. This will apply to individual events or the remainder of the programme yet to be conducted.
2. Events effecting ALAC Selections (U13 Australian Teams Championship and U15 Multi-Event Championship) must be re-scheduled first where specific events or the programme is postponed.
3. The Organising Committee will decide whether events not conducted on the day are conducted at a future date or cancelled for that year.
4. In the event of the programme being abandoned for the day, all events completed, including track events where finalists have been selected, and completed rounds of field events, will stand.
